All youth workers should take a serious look at the influence postmodernism is having on their kids. This important booklet by Mel Walker is available from VFY for only \$3.00 each.

Don't you want to help your students develop Godly habits? You can! This simple booklet identifies 7 key spiritual disciplines. Habits can be developed over time by making willful commitments to do something over and over again until it becomes the usual manner of behavior. ## 31-Day Devotional Strategy for Students:

**Developing Biblical Reasons: Devotional for Students on Forming Biblical Convictions** (Item #103) How do our students know what God wants them to do? This 31-day devotional strategy will give your students a practical tool for developing their own Biblical convictions by focusing on the Bible's use of words like all, every, and always. A pocket-sized, plastic Bible memory verse packet containing the verses (KJV) used in this study is also available. (Item #104) This devotional strategy was developed by Mel Walker and was written by his own children.
